JONES COUNTY DECLARES WAR ON RATS

Night of April 8th Set For Rat Blitzkrieg

The citizens of Jones County are tired of feeding rats who are contributing nothing to the defense effort. At a meeting in Anson, Tuesday morning, the Land Use Planning Committee, Defense Club Chairmen, War Board representatives, Home Demonstration club members, Chambers of Commerce managers, worked out plans with W. S. Heit, representing U. S. Fish and Wildlife Service, to carry the rat killing campaign to thirty-eight farm communities and every town in the county. Plans were adopted to give everyone wanting rat poison until April 4, 1942 to sign up. It suggested that all farmers sign up at their defense club meeting or any of the following places:

Defense club secretary or chairman.
Hamlin Chamber of Commerce.
Anson Chamber of Commerce.
Stamford Chamber of Commerce.
County Agent's office.
Any store in the county with rat killing poster.
Vocational Agriculture teacher at Hamlin.
To participate in the Rat War it

is necessary to follow this procedure:

Sign up at one of the above places.

The average farmer should sign up for two pounds and town people should get one pound.

The actual cost of the poison bait will be twenty-five cents a lb.

Your order must be placed by April 4, 1942, in order for the Fish and Wildlife to have enough time to purchase the materials and mix the bait.

The bait will be delivered to the community center or where you requested it.

Instructions in using the bait will be attached to each package of poison that must be adhered to.

Everyone bothered with rats are requested to take advantage of this campaign and eliminate these pests.

WATCH YOUR CHICKENS

AND WATCH YOUR DOGS

It is necessary that you watch your chickens. Poison is going to be out. Your chickens and dogs may get some of it too. Chickens will pick up this poison and die several days after it is placed out for rats.

Governor Issues Proclamation

To All To Whom These Presents Shall Come:

Whereas, America at war, as in time of peace, is dependent upon the resourcefulness of its citizenship; and

Whereas, the health of our citizens and the preservation of property from destruction by fire is of vital importance to our Nation as an important part of its Victory Program; and

Whereas, the welfare and safety of our citizens can be insured by giving consideration to those matters which would protect their lives and property against disease and fire, and thus serve as a vital aid to our National Defense Program; and

Whereas, the Texas State Health Department and the State Fire Insurance Department have, for a number of years, sponsored a State Clean-up campaign as an aid to health and fire prevention;

Now, Therefore, I, Coke Stevenson, Governor of the State of Texas, and as Chairman of the National Defense Committee for Texas, do hereby designate the week of March 29 to April 4, 1942, as CIVILIAN DEFENSE CLEAN-UP WEEK in Texas, and I earnestly call upon the citizens of Texas, particularly our city and county officials, fire departments, public schools, both urban and rural, civic and patriotic organizations, to co-operate in emphasizing the importance of good health and fire prevention, and to encourage the adoption and enforcement of rules and regulations pertaining thereto; and

Furthermore, it is recommended as a special aid to good health and fire prevention, that all homes, industrial and defense plants, storage and plant warehouses, public utility plants, oil and gasoline filling stations and plants, automobile-tire salesrooms and storage warehouses, all offices and mercantile establishments, be carefully conducted.

In Testimony Whereof, I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin this the sixteenth day of March, A. D., 1942.

Coke R. Stevenson,
Governor of Texas

CHURCH OF CHRIST

March 18, 1942

Dear Mr. and Mrs. Pope:

While in Hamlin I have enjoyed the kindness of the Hamlin Herald. I have never known a paper to be so concerned about the churches and their work. I am sure that the other preachers of Hamlin will join me in expressing this appreciation.

That I might attend the University of Colorado, I am leaving Hamlin; but the Church of Christ has asked me to return as soon as possible. I shall be looking forward to returning to your city and having fellowship with you in all things that are good.

Bro. Paul C. Witt, Ph. D., of Abilene Christian College, will carry on the work of the Church of Christ during my absence. He is a wonderful Bible teacher and preacher. Come out and hear him.

Sincerely,
Luther G. Savage

NOTE: The Herald management thoroughly appreciates the fine spirit always shown by Minister Savage. He is a very likeable young minister, co-operative and grateful. We hope his stay in the University will prove enjoyable and helpful.

A. R. Elam Moves to Abilene To Enter Business for Himself

Tuesday morning Mr. and Mrs. A. R. Elam and son Dickey left for Abilene where they will make their home.

This means the termination of business connections with the Acme Lumber Company, which Mr. Elam has managed in Hamlin since 1930. During this time he has also been district manager for an oil rig building company, and has built up a big string of trucking connections, serving a wide area of oil developments.

In setting up his independent business enterprise, which means a continuation of rig building and oil field construction, he carries with him from Hamlin eight other men and their families. These men have worked for Elam some time in the trucking and contracting business. They are J. A. Wood, R. D. and Ed Kelley, Ed Barnes, Bert Jennings, Cameron Owens, F. H. Marchman and Jean Scott and their families. This is quite a "take-out" for Hamlin. This is quite a hole in many ways, carved out of Hamlin by this move.

The Acme Lumber business will be in charge of Gaylon W. Robertson as manager, with John C. Jenkins assistant and bookkeeper. These two young men are Hamlin reared and competent in every way to handle the business.

In the case of A. R. Elam, he has been employed by the Acme Co. for about nineteen years and has developed a big line of work in the many oil fields of West Texas and naturally it seems advisable for him to launch out into his own field.

Call For Books

Mrs. E. M. Wilson, local chairman for Books for Soldiers, reports 110 books have been delivered to the Jones County chairman, Mrs. Edwards in Anson. This number falls far short of Hamlin's quota which is 700 books. If you have books you will donate to this cause you are urgently requested to leave them at the Red Cross room or deliver them to Mrs. Wilson.

These books will be sent to Camp Barkeley to be used by the boys in training there.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 10 A. M.
Morning Worship, 11 o'clock.
Juniors, Intermediates, and Senior Young People meet at 7:15.

The Woman's Society of Christian Service meets Monday afternoon at 3 o'clock.

Mid-week prayer service with a study of "The Methodist Meeting House," Wednesday night at 8:15.

Choir practice Wednesday night after prayer service.

Sunday is Palm Sunday. The church celebrates this Sunday with great joy for it represents the triumphant entry of Jesus into Jerusalem. Let us celebrate it by joyfully turning to the House of the Lord and enjoying the services there. Go to church on Palm Sunday!

The Pastor will bring a Palm Sunday message Sunday morning and special music will be rendered. Sunday night's service will be dismissed for the Easter Cantata program to be rendered by the Schubert club at the Baptist church.

The Elementary School Glee Club will sing for us at the morning services.

We welcome visitors.

Mr. and Mrs. Cecil Richardson from Waxahachie and Mrs. Brandon White from Dallas were week end visitors with their mother, Mrs. S. M. Richardson. Mrs. White, a nurse in the Baylor Hospital at Dallas, remained longer, as she had a short vacation.

Mrs. W. F. Martin, accompanied by her sisters, Mrs. Ada Hartsough of Abilene and Mrs. E. E. Morris of California, were visitors here Wednesday. Mrs. Morris is here for an extended visit and will spend the summer with Mrs. Martin on her ranch northwest of Hamlin.

Missionary From Japan To Be At Baptist Church

Sunday night, following the Easter Cantata, presented by the Music Club at the Baptist Church, Rev. Ernest O. Mills will speak and show his lantern slides of Southern Baptist mission work in Japan. For about thirty years Rev. Mills was in Japan, returning to the states only a short time ago. We are sure he is acquainted with conditions there, and will speak of these conditions.

Hundreds of churches have seen the slides which Rev. Mills will show, and many of these churches have spoken most highly of his work. We feel that this is an opportunity for our community, and hope many will attend Sunday night.

Flat Top's Fifth Sunday Meeting

At Flat Top this coming Sunday there will be an all-day meeting, with dinner on the ground. Everybody has a hearty welcome. Everyone in the community is invited to bring well filled baskets. The program is as follows:

Sunday School 10 o'clock (Sun time).

11:00—Sermon by Rev. Byrd, the pastor.

12:00—Lunch will be spread on the ground.

1:00—Called together by singing. "The Pastor's Responsibility," by Rev. H. E. East, Hamlin.

"The Community's Responsibility to the Pastor," by Rev. Dan Jones, Hamlin.

"The Layman's Responsibility to the Community," by Bro. Ira Clements, Hamlin.

Benediction.

Pressure Cooker Clinic For Carleton Women

A pressure cooker clinic was held in the home of Mrs. F. W. Poe, Carleton community Monday at 4 P. M. Mrs. Earl Brown and Mrs. C. D. Bingham assisted Miss Clara Brown, home demonstration agent, in checking cookers. Twelve cookers were checked.

A covered dish luncheon was served at noon.

A good use of feather beds was demonstrated by the agent, by making light weight cover. A feather comforter lining was made and filled with feathers by hand. Satin faced feather ticking was used for the lining.

A meeting of the Foods committee of the Defense organization met that afternoon with Mrs. Poe as chairman. Some of the goals set for them: encourage larger gardens, several extra rows for the hot lunch program, a demonstration on canning to be held April 13, 2 P. M. at the school house, a nutrition for defense course to be opened, frame gardens and two garden demonstrations, 20 pressure cookers in the community all available for a community canning center to can surpluses of vegetables.

Those attending the meeting were: Mmes. C. D. Bingham, Marvin Carlton, Earl Brown, E. K. Whittenburg, Buren Carlton, W. S. King, H. C. Hodnett, S. E. Brooks, H. W. Jenkins, Vaden Lester, J. E. Brown, P. J. Brown, F. W. Poe and Miss Clara Brown.

Sunnyside community Defense organization met Wednesday night at the school building with H. D. Walker, president, in charge. The group sang patriotic songs, led by Curtis Tidwell.

Food for Freedom was discussed by Clara Brown, Jones Co. Home Demo. Agent, stressing the fact that producing food at home for home consumption is vital and getting an increase in production from animals and poultry by giving better care and better feeding rations.

First Aid Classes to Start Tuesday 31st

W. A. Hayes of the Texas Highway Department will conduct the First Aid classes under the sponsorship of the Elementary P-T. A. beginning March 31 at the High school building at 8 o'clock.

Classes will be held on Tuesday and Friday nights for five weeks.

We would like to have you come by the Red Cross room and register. The Red Cross First Aid books can be secured at that place at any time for 60c.

Let's have a big class.

Men Deserve Mention For Red Cross Work

Last Tuesday the Red Cross women needed some help in rounding up a lot of rubbish paper—several hundred pounds—so one good lady says "I'll get some men." Soon the room was full of working fellows—both white and black. The domino parlor furnished some... all seemed to be glad somebody called on them to do something.

Well, here they are: Oscar Williams, Robert Fowler, J. C. Harris, J. C. Bailey and three colored men, Tyree Oliver, Johnnie Harris and "Sonny" Alexander.

Now this might seem "insignificant"—but it is a human trait—folks like for it to be known that they respond to things worthwhile.

ELEMENTARY P-T. A. MEETING TIME CHANGED

The Elementary P-T. A. will meet Tuesday of next week instead of on Thursday at the regular time.

The Rev. H. E. East and Mr. Jenkins will furnish the program. Let's have a big crowd.

Singing At Truby

The regular fifth Sunday singing is to be held at Truby, March 29 at the Baptist church, 10:30 Central War time. There will be lunch for all the visitors and we are urging every one to come.

Mrs. C. B. Tribbey, Mrs. B. H. Bristow, E. H. Bristow and family, all of Rule, visited in the home of Rev. and Mrs. N. A. McMillan Sunday.

Schubert Club Will Present Easter Cantata

On Palm Sunday at 8:30 P. M. at the First Baptist church, the Schubert club presents the Easter Cantata, "Victory Divine," by J. Christopher Marks under the direction of Miss Edwina Gilbert, with Mrs. W. C. Russell as accompanist. Mrs. Willard Maberry will be soloist and a quartet consisting of Mrs. L. H. McBride, Mrs. Leslie Sheldene, Mrs. Bill Rountree and Miss Avaleen Murphree will render special music.

Immediately following the cantata the public is cordially invited to stay and see on the screen actual pictures in color of Japan shown by Rev. Mills, a returned missionary who spent thirty years in Japan.

MINISTER'S BROTHER DIED IN PLAINVIEW

Rev. N. A. McMillan, pastor of the Church of God, and family were called to Plainview last week by the sudden passing of his brother, the Rev. D. C. McMillan, a Methodist pastor. The brother was only 43 years of age and had been very active, doing hard work up to the time when he suffered a heart attack that took him away. A wife and five children survive. The funeral was held in Plainview last Friday.

Anti-Freeze to be Saved

Service station attendants have been enlisted in the spring offensive against waste of automobile anti-freeze. U. S. Price Administrator Leon Henderson has asked filling station men to impress on motorists the necessity for saving the contents of their radiators after draining this spring for use next winter. Alcohol, the base of most anti-freeze solutions, is essential to the manufacture of smokeless powder for the war.

Miss Mary Elizabeth Tindal spent the week end here with her parents Mr. and Mrs. Audry Tindal.

School Information

The Hamlin school board has declared Friday, April 3 and Monday, April 6 as Easter holidays.

The last school day for the 1941-1942 school year will be Friday, May 22. The baccalaureate will be given in the High school auditorium on Sunday evening, May 24, and the commencement exercises will be on Monday evening, May 25. The Elementary promotion exercises will be held on Friday evening, May 22 in the Elementary school auditorium.

G. R. Bennett, Supt.

Revival Meeting

This Friday evening beginning at 8:30 at the Nazarene Church, Rev. Herbert Land, Evangelist, will do the preaching in the meeting. All are invited to attend these services. The meeting will continue through Easter.

Dan D. Jones, Pastor.

BAPTIST CHURCH

Carlyle suggests this question: "What greater calamity can fall upon a nation than the loss of worship?" E. A. Park has said: "A church-going people are apt to be a law-abiding people." We believe it is in interest of the community at large for all people to worship God in His churches.

You are invited to attend the services at the First Baptist church Sunday. The pastor will bring the morning message, and, after the Easter Cantata Sunday evening, Rev. E. O. Mills, a returned missionary from Japan, will show pictures of Mission work in Japan and will speak. You will not want to miss this.

Don't forget Sunday School and Training Union. Sunday School meets at 9:45 A. M. Training Union at 7:30 P. M.

Lt. James W. McAllister, son of Mr. and Mrs. J. B. McAllister of the Tuxedo community, spent a few days at home and with his grandmother, Mrs. J. D. Farrow in Hamlin while on his way to Alexandria, La., where he will continue further training in the army aviation. Lt. McAllister received his commission on March 16, after his seven months training in California. He is a fine looking chap and here is trusting he will do a good job and come back.

Mrs. G. R. Bennett and Mrs. Tate May attended the meeting of First District Federated Club Women in Vernon Tuesday and Wednesday. Mrs. Bennett was the official delegate from the Woman's Literary Club, and Mrs. Tate holds a district chairmanship.

"Scattered Scraps"

It is said that Texas has furnished more men to the U. S. Navy than any other state.

Another thing: We believe if Texas were given plenty of war material, and with our navy, they could whip the breaches off the bow-legged, slant-eyed Japs.

Now about that car: One fellow says he became "economical" Monday and started out walking . . . by night he found himself carrying around a bunch of milk bottles under his arm trying to leave them where they belonged and get some more milk. He finally decided to give up and get his old car out and run her till the rims grind, then walk.

Let's not worry any more: MacArthur is in charge, and soon he will retake the Malay peninsula and start the rubber rolling again.

No more steel will be released in Canada to make baby carriages and lawn mowers. Well, there will always be babies and grass, so the babies can just play in the tall grass and grow up brown and strong.

Most Texas people are sick and tired of the word "defense." We are hearing men say "Liberty Bonds," or "Victory Bonds." It is about time to go from the defense to the offense.

If there was not so much loose talk in Washington, maybe the public would not be so confused and restless. There are too many press conferences. There are too many two-bit reporters hanging on to every word and suggestion of the "high-ups." There is too much talk, and most of it is too silly to make common sense.

General Hershey, who directs the draft, is reported as saying, just as he started the ceremony of drawing, that "Men might be selected to build ships and airplanes and work on farms, as well as fight at the front." That is an example of pure dumb blunder. The draft law does not provide for that. If the General did make that statement, he should be fired. However, that idea would

have worked fine if it had been started in the beginning. Everything needed by the government should be done on a volunteer basis or by the draft, just as they are requiring the soldier.

It's the "Reaction" that hurts or helps.

To shift MacArthur to supreme command had helpful reaction.

To say we need to parade, wave flags, make hoopla, had hurtful reaction. Remember the psychology of human nature is powerful.

The mother who has a boy in line of battle, or who is sobbing her heart out because her boy has been lost, has no patience with silly remarks or flim-flam foolishness.

The more boys in this war, the more we shall hear of mothers and fathers raising old billy, when some fellow comes back from the "works" and reports how the men loaf on war jobs to get overtime. For example one man reports a boy saying he spent three hours just running in a screw and running it out. Mothers don't like that. Taxpayers don't like that. Congress had better call about a 1,000 country boys from various sections and have them to report work conditions and maybe they will let them in on a few secrets. Hamlin can furnish a dozen or two such men. Call 'em, ask 'em. They say they generally get several hours above 40 hours per week and overtime pay.

War-time does not permit overtime pay.

People May Get Mad, But Not Afraid

Much has been heard from the "people" the past week or two.

Five weeks ago, this day, the Herald had an editorial saying Americans had better get tough, get mad. We know this came true down in Texas, at least.

No one of this generation has ever heard stronger language, more earnest protest. Folks got mad when some guy up in Washington said the people were "complacent." That is an ugly term. It really means "the people don't give a dam." That made all of us mad.

Another thing, we United States folks are NOT accustomed to defeats, losses, set-backs, and disasters. Remember in March, 1940, most people in this country were still asleep, maybe yawning, and if awake life was jazz and more jazz, and behanged how the war went. Finally in June 1940 we crawled out of bed and pulled up our breeches, looked around a bit and said, "Better let's take notice, England might also fall."

Some of us were mad then, but

many said it "can't happen here." It was a hard pull to stir the people to their danger. Others said it's "politics." Then England's cities were blown to bits, thousands were slaughtered. Remember how hard a pull it was to get people awake enough to provide for "lend-lease" . . . how the dollar mark stood in the way?

Pearl Harbor came—people were too shocked to be just mad. The Philippines fell. Anywhere in the world where our boys fought, or might fight, became "our battle", and a Dutch defeat, a British defeat, a Chinese defeat, all of it became our defeat . . . and we did not like it. We did not like the cry, "too late and too little." We did not like to see our ships sunk.

American people had invested their boys, their blood. Then some pin-head accused the people of being "complacent." Then a rage of reminders went up to Washington, complaining that "complacency, recklessness, sham, dumfoolery, extravagance, appeasement, etc., had been running wild apparently, under the eyes of men who are held responsible. So the people got mad. They began to speak out in meeting. Then somebody else, maybe Mr. Rayburn, maybe radio man, Elmer Davis, maybe Mr. Roosevelt, maybe others who insinuated that it was not patriotic for the American people to "speak up". That made us still "madder."

Maybe part of the complaint expressions of some of the people was not founded upon real facts, but it is a mighty good sign when a nation becomes apparently over anxious, instead of slovenly, indifferent. Sometimes a country falls because the people did not get fighting mad.

Yes, it is a healthful sign in this land of freedom, when men and women assemble in serious concern, in a semi-religious atmosphere, braced by a prayer to Almighty God for spiritual guidance, singing songs like "My Country 'Tis of Thee," and "God Bless America", and then proceed to express their dislikes and approvals in plain language to the President, the Congress, the captains of industry and the "masters of labor." Yes, it is a good sign. When Americans get mad, the fight is about ready to start. A careless word, a reckless war contract and a baseless insinuation might make the rank and file of people mad, but gosh, nobody can scare Americans by telling them mass meetings, letters, editorials, resolutions and hard criticism is unpatriotic, helping Hitler, etc. That's poor psychology. It makes the people "madder".

As long as a people will get mad, stay mad, nobody can conquer their country. We are in a "people's war." The rank and file of the common people will pay the price, and the fellows who accept responsibility and pull off over-costly contracts, permit outrageous situations, and contribute to defeats, may expect mass meetings of protest, and in our mind it is "PATRIOTIC."

Yes, American people can be made mad but you can't scare them.

The way to win this war is to

Produce More Cotton

1. Because Cotton Production Is Patriotic

Secretary of Agriculture Claude R. Wickard has issued an appeal to the nation's cotton farmers to plant 4,000,000 acres more cotton in 1942 than in 1941—to plant the full legal acreage allotment. America and its allies need more Cottonseed Oil for food, Cotton Linters for munitions, Cottonseed Meal and Hulls for livestock feeding, and Lint Cotton of certain staple and grades for the successful prosecution of the war effort. Cotton is the ONLY crop that supplies ALL of these essentials.

2. Because Cotton Production Is Profitable

You, from your own experience, know that cotton is a most dependable crop for this section. You know that you can count on lint cotton and cottonseed to provide ready cash; and you know that the value of lint and seed has been very favorable in recent months. You've proved that you can grow cotton—and cotton has proved that it's a money-maker for you.

It will pay you, this season, to plant every acre permitted under the AAA legal allotment; and to produce every pound of lint and seed that you can on these acres.

quit playing it to make money.

Every patriotic American wants reasonable wages paid men and women for every hour they work, in keeping with what the human body can stand and keep up efficiency, and no more. But we Texas people do not want loafing on the job and a wage scale difference so wide from what the soldier gets, including all the things outside of his dollar salary. So we get mad when we get evidence when somebody is not coming up to our standards.

Aren't you glad you live in a country where you can say what you please and not be a traitor, not be insulted for it, not be hung or shot for it? English governments all over the world give you that right. Let us fight to keep it that way.

Now that the people have perhaps SHOCKED the Congress, even the President, by presenting some of the things they do NOT like, let's rest on "getting mad." Let's see what happens. But let's not go to sleep. Let's keep wide awake. The elected leaders must know you are aware of most everything that is going on. Let's try to get the facts and scorn the misty, cloudy statements creeping up on unreasonable grounds. You hurt your country when anything but constructive criticism is voiced. Let's keep asking God for guidance as we assemble to express our likes and dislikes to our leaders, and all will be well.

Let's remember no people in all the world's history has accomplished so much in war preparation as the United States in less than two short years. Let's be proud of our accomplishments, and only regret our mistakes. The future is long and glorious for our country if we but use our minds and hearts as free men should! The brightest pages of our history are yet to be written, provided we continue to watch and pray, keep wide awake and work.

We've gotten mad, now let's FIGHT!

Did You Know—

That the Food Stamp set-up in Jones County had 1,013 cases, representing 3,777 persons participating, during February.

That the Blue Stamps amounted

to \$6,055.50 (these are given away)

That the Orange Stamps amounted to \$7,866.00 (these had to be bought).

Adding \$13,921.50.

All this makes one wonder if ever this nation will get back to the days when the government will not be a hand-out.

Of all the various forms of government aid, the food stamp plan is the most puzzling to the general public . . . or does the general public care?

A Sympathetic Soldier Writes Bereaved Mother

Barstow, California
March 14, 1942

Dear Mrs. Essary:

Perhaps you are surprised to hear from me at a date as late as this. At a time such as this I find it hard to transfer into writing the thoughts that are running through my mind, and I'm sure we all find it difficult to express what we are truly thinking.

I received news about Harold last week and I can truly say this is one of the most difficult letters I have attempted to write. I grew up with Harold and so many things we used to do comes back now as if it were only yesterday. I remember him as he was and that's the way he wanted it. He went down fighting in the defense of his country and for what he and the American people stand for. We in the armed forces who have lost friends carry these and other incidents foremost in our minds and when we are training for the day that we too will ship over it's these thoughts and of other dastardly acts that have been carried out that spurs us on and makes us realize the great urgency of what we are here for. There is a quietness here and I might say a closer co-operating unit in this regiment if not more so than any other in the service. We realize our duty and what has to be performed. To avenge for buddies and those at Pearl Harbor.

I extend to you at this time and join in the whole community of Hamlin and the United States army my deepest sympathy and understanding. When my time comes to go over there I will carry Harold's

memory foremost in my mind and permitting I'll carry on and gain vengeance for what he was fighting for. We all lost Mrs. Essary. Hamlin lost one of its boys and residents. You lost a son; the United States Army lost a true soldier, and I lost a valuable friend. For he didn't die in vain. We are carrying on where he left off and in the end we will win, for we are all aware that so long as Nazism exists there will be no peace for any of us.

In closing may I say that I'm proud to have known a soldier as courageous as Harold.

Very truly yours,
Pvt. Mark M. Bailey,
United States Army

YOUR USE OF THE TELEPHONE IN WARTIME

TODAY telephone wires are humming with the urgent messages of a nation at war.

In a few localities and on certain long distance routes, these vital messages have brought heavy loads. Elsewhere we are still able in most places to give

you good service, however, and there is no reason why you should not make normal use of your telephone.

But you can help us serve both you and the war effort by avoiding any wasteful use of telephone facilities. So please keep in mind these four simple suggestions:

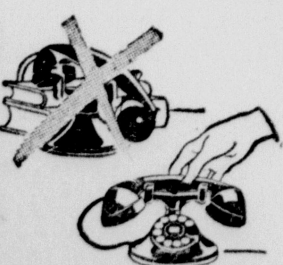

4 WAYS YOU CAN HELP

1. Speak clearly. Having to repeat yourself takes time, and ties up the lines needlessly. Please talk in normal tones directly into the mouthpiece, with the lips about 1/2 inch away. It's better not to talk with a cigarette, pipe or pencil in your mouth.

3. Answer promptly. Even seconds are important these days. However, when you make a call, give the other fellow enough time to reach his telephone before you hang up.

2. Hang up carefully. A book or other object under the receiver may put your telephone "out of service." Please replace the receiver carefully. It will insure your getting all incoming calls.

4. Avoid "rush hours." You may avoid occasional delays if, when possible, you will not make long distance calls during peak hours—10-12 A.M., 2-4 P.M., and 7-8 P.M.

Congressman Russell Explains Much Discussed Labor Laws

I want the citizenship of the 17th Congressional District to know the fight I have made in the short time I have been their representative to eliminate the atrocities perpetrated by unscrupulous, un-American labor elements who have worked to the adverse interest of our nation. Those of us who have honestly and zealously worked for the preparedness of this country have at times met unsurmountable odds and have been confronted with obstacles of such proportions that the righteous cause has been stunted when compared to the things which should have been accomplished.

On January 24, 1941, Congressman Smith of Virginia offered an amendment to an appropriation bill then pending before the committee of the whole House on the State of the Union, which would have prohibited the collecting of tribute by labor unions as a prerequisite to working on defensive contracts.

On February 27, 1941, Congressman Smith offered the same amendment in another appropriation bill. I supported the measure again but it lost.

On March 19th following, Mr. Smith offered another amendment in the same manner, calling for the prohibition of collecting money as a tribute for the right to work on defense industries and to further prohibit the requirement of union or non-union status as a right to work. This amendment was also defeated.

On July 9, 1941, the May Bill came before the House for consideration. The May Bill had for its purpose the elimination of strikes in defensive industries, and would have prohibited the collecting of money as a right to work by labor unions on defense contracts. I supported that bill and spoke in favor of it, as the Congressional Record of that date will show.

On October 30th, after the strikes became so rampant throughout the nation, I introduced a bill in Congress, HR 5929, making it treason to foment a strike in a defensive industry; and on that date I spoke on this bill. It is now in the Judiciary Committee, where I have consistently been referred a hearing on the same.

In November, 1941, three bills were introduced in an effort to curb strikes. One was known as the Ramspeck bill, and was the weakest of the three.

The Ramspeck bill got the right-of-way through the Rules Committee and came on the Floor of the House first. We were able to substitute the Smith Bill for the Ramspeck bill; and we passed it out of the House. This bill provided for the elimination of strikes in defensive industries, the curbing of labor union activities in the collection of tributes from American boys as a right to work. If it was the law now, it would relieve the situation considerably.

After this bill passed the House, the Administration objected to it because they stated it was too harsh and radical, while I thought it was too mild.

On February 27 of this year, Congressman Smith offered an amendment to the Omnibus War bill which amendment had for its purpose the suspension of certain labor laws during the emergency, one of which was the forty-hour week law. I supported that amendment and I spoke in favor of it.

There have been introduced lately, two bills; one is known as the Vinson bill and the other is known as the Smith bill. Each has for its purpose the curbing of strikes in defensive industries, elimination of excessive profits in defense contracts and the suspension of the forty-hour week law for the duration of the emergency. I am in favor of these bills, and intend to work in order to get them out of the committee; and I shall work and vote for either one which comes on the Floor of the House.

I have, at every opportune time, worked for and voted to remedy the wrongs that are occurring in our defensive manufacturing plants, that were brought about by the un-American activities that have been perpetrated in the same.

I apologize for the length of this letter, but I could not reasonably shorten it and state all the facts. I appreciate the backing I have received from the people of our district, and I want you to know that it is inspiring and encouraging to receive your many letters which have come.

Sincerely yours,
Sam Russell

What Should You Save To Help?

WASHINGTON, D. C.—The following table issued by the Treasury Department is intended as a savings yardstick for the average income-earner. It suggests how everyone of the 48,000,000 employed persons in the United States may participate in the war effort through the systematic purchase of Defense Savings Bonds.

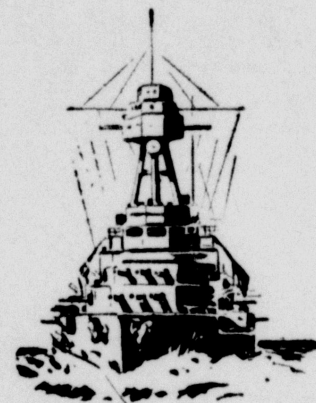

"The job ahead of us is far bigger than most of us realize," Secretary Morgenthau declared in making the table public. "I know that the American people are ready to do their part to win the war. One of the ways we can do much more is by intensifying our effort in the purchase of Defense Bonds."

While persons without dependents may be able to set aside more than the suggested figures, persons with several dependents, or with other heavy family obligations, may be unable to save at the suggested rate, the Treasury Department pointed out.

Vitamin-saving is easier with modern GAS cooking

- ★ Use little water in cooking.
- ★ Cook vegetables for the shortest possible time.
- ★ Cover utensils to keep air out.
- ★ Avoid unnecessary stirring of vegetables.
- ★ Don't put in baking soda to brighten food colors.
- ★ Don't throw away vegetable liquids—use them in soups or cream sauces.
- ★ Start vegetables in boiling water.
- ★ Keep foods as fresh as possible—use dependable automatic refrigeration.
- ★ Serve plenty of green vegetables.
- ★ Serve foods soon after cooking.
- ★ Broiling is preferable to frying to retain vitamins.
- ★ Low-temperature roasting saves vitamins and minerals.

Tons and Tons Scrap Iron Gathered In Texas

Dallas Texas, March 24—A total of 20,000 long tons, or nearly 63,000,000 pounds, of scrap have been collected as a result of the Mid - Continent Oil and Gas Association's scrap campaign, Chas. F. Roeser, general chairman, reported today.

Five hundred carloads of scrap have already been shipped to Texas foundries and eastern mills and 3 hundred carloads more are now on hand to be shipped at once, Mr. Roeser said. This makes a total of 800 carloads or around 28,000 long tons.

"These totals are for the 36 principal shipping centers used in our campaign," Mr. Roeser said. "There are an equal number of collection points from which we have not had full reports. When all these centers also report, the total should go over the 30,00 long ton mark."

Scrap is still being hauled into most of the shipping points, he added.

"Our reports are mainly on the results of our intensive collection drive," Mr. Roeser explained. "We are going to 'get in the scrap' for the duration of the emergency, so we hope to keep a smaller but steady stream of scrap metals and rubber coming in as long as this is needed."

High praise for the work of the county chairmen and co-chairmen and committeemen was expressed by Mr. Roeser.

"The results of the Texas campaign are due largely to the very fine work of these men," Mr. Roeser said. "Most of them have given time and effort which could not be measured in dollars. I have never before seen such wonderful co-operation as everyone has shown in this program."

When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the gentle way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

Dr. Robert H. Johnson is at home from Dallas till April 10 to visit with his parents, Mr. and Mrs. W. F. Johnson. He will then join the Baylor Unit in the Army Medical Corps at San Antonio.

HERE'S HOW CERESAN BOOSTS COTTON PROFIT!

Hiding on cottonseed are many crop enemies—disease organisms that impair stands, reduce yields and quality, cut cotton income! But easy, economical seed treatment with CERESAN kills many of these organisms! Temple, Texas, reports tests in which "germination was doubled... seedling diseases greatly reduced." CERESAN treatment generally reduces seed rotting, sores, and certain other seed-borne diseases; commonly gives stronger, more uniform stands at a saving in seed; usually increases yields, often as much as 10 to 25%. Inexpensive; easy to use. Get it now and treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

TREAT OTHER SEEDS, TOO!

Use Ceresan Jr. for corn; New Improved Ceresan for small grains; Ceresan for vegetables; Ceresan Bel for potatoes.

The Green Bug Damage to Grain

Many questions have been directed to the County Agent's office relative to the green bug damage to wheat, oats and other small grains. The green bugs are plant lice and feed by sucking the juices from the plant. They feed on many kinds of grasses and small grains. There is at present time no effective means of controlling this damaging pest except by natural means. The lady bird beetle and a small wasp like parasite are very effective.

While the patches of green bug infested wheat are small it is possible to stop the spread by scattering hay on the green bug covered wheat plants around the edges of the spots and burn the insect along with the straw. Where the wheat has not been killed by the lice it will recover from the burning. This method of control is effective only if done while the spots are small. If the bugs fly in from some other field there is no known method for their control. When this general outbreak occurs weather conditions, parasites, and predators are the only method of control. This insect does not attach to alfalfa or soy beans and rarely injures corn or sorghums.

WAR!

... after 10 years of perpetual e-motion

WASHINGTON officialdom complains that the public does not realize that the nation is engaged in war. A critical war. An all-out war... Washington chides the citizenry for its lethargy, its complacency.

"Where does the blame, if any, lie?"

Thus read the opening lines of an editorial in the official magazine of the United States Chamber of Commerce suggesting that the average citizen feels that the bureaucrats in Washington "are not taking the war seriously."

The average man, it is said, "has become impervious to 'emergency.' He has been exposed for ten years to perpetual emotion. It is natural that he ask his leaders for something more

than words.... He needs examples, actions, in high places."

But, it continues, "As far as the citizen can see, not one of the 150-odd peace-time bureaus, commissions and authorities has made any sacrifice. Not one. Rather, not a one but has found the war an excuse for expanding its personnel and 'services'."

The average man knows that wars are not won with words, piddling policies, or boondoggling. Wars are won with deeds, with production, and with the full cooperation of government, labor, industry, and of ALL the people.

He knows that to win the war there must be an end to petty politics while the battle rages. He knows that his

country has no need for bogus reformers, hampering and reviling industry at a time when our greatest need is planes, tanks, ships—not ideologies.

The practical business men who built up and manage America's electric companies today are providing electric power where it's needed, when it's needed!

Despite the millions on millions of dollars spent for political power projects, business-operated companies are furnishing over 90 per cent of the nation's electric supply in the present emergency. Last year, they installed over 2½ million more horsepower! We now have in the U. S. more electric power than all the enemy nations together.

Careful, efficient and economical production of electric power will continue, lighting air fields, army camps, industries, your home and business. The war will be won, not with words of abuse but by wholehearted co-operation!

Girl Scout Tea

The Bob Whites gave a tea Saturday at 6 P. M. The importance of the occasion was the awarding of badges. Each girl scout invited their mother or a guest to share in their happiness.

Girl Scout president, Elma Ree Brewer, called the meeting to order and announced the program. The first was the forming of a circle of the Girl Scouts. Suzanne Toler led in the Girl Scout Promise. Flag bearer Lovena Kight and guards Barbara Lou Young and Margaret Ruth Ryan retired for the flag. Girl Scouts saluted the flag, followed by the Star Spangled Banner and the pledge of allegiance, led by song leader Suzanne Toler. The flag was retired. Scouts were seated. Girl Scout Laws and their Meaning were given by ten girls. "A Girl Scout's Honor is to be Trusted," by Betty June Taylor. "A Girl Scout is Loyal," by Mary Frances Bowman. "A Girl Scout's Duty is to be Helpful to Other Girl Scouts," by Mozelle Barnett. "A Girl Scout is Courteous," by Bobbie Dee Kelly. "A Girl Scout is a friend to Animals," by Jerita Durham. "A Girl Scout Obeys Orders," by Ruth Bowman. "A Girl Scout is Cheerful," by Sue Jones. "A Girl Scout is Thrifty," by Wanda Jean Mayfield. "A Girl Scout is Clean in Word, Thought and Deed" by Betty Jean Miller.

The next number on the program, a reading, "Joyful Thoughts," by Beverly Ann Harvey. Then the presentation of the badges awarded by the leader, Mrs. O. G. Harvey. Those who have received both the Trefoil and the Second Class badges are Suzanne Toler, Jerita Durham, Bobbie Jack White, Margaret Ryan, Wanda Jean Mayfield, Lorena Kight, Betty Jean Miller, Mozelle Barnett, Mary Frances Bowman, Nell Gilbreath, Ruth Bowman, Edith Ann Scott, Betty June Taylor, Beverly Ann Harvey, Betty Rae Sellers, Barbara Lou Young, Elma Ree Brewer, Phyllis Richardson and Jane Adams. Those who were ready for Trefoil badges were Sue Jones and Peggy Connor.

All Bob Whites were present for

the tea, with the exception of two, Nell Gilbreath and Peggy Connor. Becky Bowman, one of the newest, was also present.

The refreshments were served by the following, Edith Ann Scott, Jane Adams, Becky Bowman, Phyllis Richardson and Betty Rae Sellers.

The guests were invited to join in a circle as the Scout song and prayer were given.

Refreshments were served to besides the above mentioned, our guests, Mrs. Jess Young, Mrs. Tolly Toler, Mrs. Alton Mayfield, Mrs. Tennie Moore, Miss Lulan Vaughan, Miss Evelyn Bowman, Mrs. White, Mrs. Ryan, Mrs. Elmer Brewer, Mrs. Gerry Richardson, Mrs. K. T. Scott, Mrs. Dan Jones, Mrs. Tom Taylor, Mrs. Alexander and Mrs. Bowman.

Second class tests, knitting and hobbies were on display for guests to see. Pictures were taken of both the Scouts and guests.

You mothers and friends are welcome to visit at any time. We are meeting at the Scout cabin again, Thursdays at 4 P. M.

The next thing of interest we are looking forward to is our bike hike out to Phyllis Richardson's. Her mother has graciously invited us to come right away.

Hope to see you next week with more news, and in the mean time, keep 'em flying.

O-O-O-O

The Bible says: "He that provideth not for his family and especially for those of his own household, has denied the faith and is worse than an infidel." We say: The grafter, the profiteer and sit-down striker, that provideth not guns, tanks, ships and planes, for our soldier boys, have denied America, and should be shot.
